

RELATIONSHIP AND SEX EDUCATION POLICY

Last Updated

February 2022

THE KING ALFRED SCHOOL RELATIONSHIPS AND SEX EDUCATION (RSE) POLICY

This policy should be read in conjunction with the following policies:

- Upper School Curriculum Policy
- Lower School Curriculum Policy
- Safeguarding Children in Education Policy
- SEND Policy

This policy has been written with regard to:

- Relationships Education, Relationships and Sex Education (RSE) and Health Education (statutory guidance)
- Keeping Children Safe in Education (statutory guidance)
- Respectful School Communities: Self Review and Signposting Tool (a tool to support a whole school approach that promotes respect and discipline)
- Behaviour and Discipline in Schools (advice for schools, including advice for appropriate behaviour between pupils)
- Equality Act 2010 and schools
- SEND code of practice: 0 to 25 years (statutory guidance)
- Alternative Provision (statutory guidance)
- Mental Health and Behaviour in Schools (advice for schools)
- Preventing and Tackling Bullying (advice for schools, including advice on cyberbullying)
- Sexual violence and sexual harassment between children in schools (advice for schools)
- The Equality and Human Rights Commission Advice and Guidance (provides advice on avoiding discrimination in a variety of educational contexts)
- Promoting Fundamental British Values as part of SMSC in schools (guidance for maintained schools on promoting basic important British values as part of pupils' spiritual, moral, social and cultural (SMSC))
- SMSC requirements for independent schools (guidance for independent schools on how they should support pupils' spiritual, moral, social and cultural development)
- National Citizen Service guidance for schools
- Children and Social Work Act 2017
- Education Act 1996

1. INTRODUCTION

The purpose of this policy is to ensure that our Relationships and Sex Education (RSE) supports our school ethos and fulfils our school aims as included in the KAS Curriculum Policy with particular attention to THRIVE (see appendix 1). This policy applies to all students including those in the Early Years.

2. DEFINITIONS

RSE supports the emotional, social and cultural development of students, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity, the law, personal identity and how to protect oneself and others. RSE involves a combination of sharing information and exploring issues and values.

Relationships Education:

The focus is on teaching the fundamental building blocks and characteristics of positive relationships, with particular reference to friendships, family relationships, and relationships with other children and with adults. These areas of learning are taught within the context of family life taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBT parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

Health Education:

The focus is on teaching the characteristics of good physical health and mental wellbeing. Teachers should be clear that mental wellbeing is a normal part of daily life, in the same way as physical health.

Sex Education:

The focus is on teaching children the facts about puberty (preparing boys and girls for the changes that adolescence brings) and reproduction (how a baby is conceived and born). Parents have the right to withdraw their children from the non-statutory/non-science components of sex education within RSE.

3. POLICY DEVELOPMENT

This policy has been developed in consultation with council, staff, pupils and parents. The consultation and policy development process involved the following steps:

- Review – the Assistant Head Pastoral (Upper School) and the Deputy Head (Lower School) reviewed all relevant information including relevant national and local guidance
- The policy was drafted in accordance with statutory guidance and aligned with the Independent School Association Regulations and included relevant parts of the existing KAS RSE guidelines
- The school curriculum plans were amended accordingly (i.e. Brook PSHE curriculum adopted in the Upper School)
- Staff consultation – teaching staff were given the opportunity to review the policy and make recommendations
- Parent/stakeholder consultation – parents and any interested parties were invited to attend meetings about the policy
- Pupil consultation – we discussed with pupils what they want from their RSE as part of the RSE lessons in forums and a PSHE survey was circulated to all Upper School students
- Drafting of policy – a member of staff pulled together all relevant information including relevant national and local guidance and feedback from the consultations and drafted the policy
- Ratification – once amendments were made, the final policy was shared with governors and ratified.

4. STATUTORY REQUIREMENTS

As an independent 4-18 school we must provide relationships education to all pupils as per section 34 of the Children and Social Work act 2017. We are not required to provide sex education but we do need to teach the elements of sex education contained in the science curriculum.

In teaching RSE, we must have regard to guidance issued by the Secretary of State as outlined in section 403 of the Education Act 1996.

5. AIMS

The aims of RSE at our school are:

- To give young people the information they need to help them develop healthy, nurturing relationships of all kinds
- To know what a healthy relationship looks like and what makes a good friend, a good colleague and a successful marriage or other type of committed relationship
- To help pupils develop feelings of self-respect, confidence and empathy
- To provide a framework in which sensitive discussions can take place
- To teach pupils the correct vocabulary to describe themselves and their bodies
- To prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- To create a positive culture around issues of sexuality and relationships
- To teach students about contraception, developing intimate relationships and resisting pressure to have sex (and not applying pressure)
- To help students understand the positive effects that good relationships have on their mental wellbeing, identify when relationships are not right and understand how such situations can be managed
- To support the school's ethos of nurturing a caring community

6. CURRICULUM

RSE at King Alfred School will focus on giving young people the information they need to help them develop healthy, nurturing relationships of all kinds, and is informed by the DfE's '*By the end of primary/secondary school, children should know*' guidelines (click [here](#) for more information) which include:

Primary

- Families and People Who Care for Me
- Caring Relationships
- Respectful Relationships
- Online Relationships
- Being Safe
- Growing and Changing (which includes Changing Adolescent Body)

Secondary

- Families

- Respectful relationships, including friendships
- Online and media
- Being safe
- Intimate and sexual relationships, including sexual health

RSE across the whole school will:

- Consider the ages, aptitudes and needs of all pupils including those with SEND/ and an EHCP plan:
- Not undermine the fundamental British values of democracy, the rule of law, individual liberty, and mutual respect and tolerance of those with different faiths and belief; and
- Ensure that discriminatory, extremist opinions or behaviours are challenged effectively and as a matter of routine
- Adapt as necessary according to needs, trends and requests from students (parents will be kept informed)

For more information about our curriculum please see Appendices 1, 2 & 3 and our Curriculum Policy.

7. DELIVERY

We take a holistic approach to RSE and recognise that the development of appropriate attitudes, knowledge and understanding is essentially cross-curricular.

In the Lower School, RSE is explicitly taught by class teachers within the personal, social, health and economic (PSHE) education curriculum. The school nurse and the school counsellor may also deliver aspects of the curriculum where relevant. The following themes are covered: Families and Friendships, Safe Relationships, Respecting Ourselves and Others, Belonging to a Community, Media Literacy and Digital Resilience, Money and Work, Physical Health and Mental wellbeing, Growing and Changing and Keeping Safe. For more information about our curriculum and content, see Appendix 2.

In the Upper School, RSE follows on from the PSHE/RSE curriculum in the Lower School. It is a spiralled curriculum from Year 7 to Year 13 to enable students to learn, re-visit and develop relevant knowledge and skills. For more information about our RSE curriculum and content, see Appendix 2.

RSE is explicitly taught through 'crew time' in Year 7, PSHE lessons in years 8 & 9, through Form Hour in KS4 & KS5 and in Science/ Biology in KS3 and 4. The delivery is supported by:

- Outside speakers
- Callovers
- The nurse
- The counsellor
- Other Departments e.g. English – study of a text may address personal social, moral and ethical issues relating to RSE

Difficult questions

If pupils ask questions outside the scope of this policy, teachers will respond in an appropriate manner. Questions do not have to be answered directly by teachers, and if a teacher is uncomfortable with the nature of a question, they should decline to answer it. A child should never be made to feel uncomfortable for having asked a question. The anonymous writing of questions to be answered at random by the teacher can overcome some of these situations. Teachers should also be aware that, in order to respond to the demands of pupils with specific educational needs, they may need to plan work in different ways to be more explicit in their explanations so that students are fully informed and don't seek answers online.

A range of high-quality resources are used to support the delivery of RSE and we ensure lessons are differentiated to meet the needs of all children.

Pupil groupings

Pupils are taught in mixed gender classes for PSHE lessons. RSE is preferably taught in mixed classes so that all sexes and genders learn to understand and respect the viewpoints, feelings, and concerns of each other. At all times, teachers will endeavour to ensure that all members of the class are comfortable with the material that is being delivered. In line with best practice, there is flexibility to adapt the lesson according to the needs/knowledge of the specific pupils.

Religious View

As part of the sex education programme issues of contraception, HIV/AIDS and sexuality are addressed in Upper School. Facts are presented in an objective and balanced way. Pupils will be made aware of the difference between fact, opinion and religious belief and maintain mutual respect.

Safeguarding

Keeping Children Safe in Education 2020 states that all schools should ensure that children are taught about safeguarding, including how to stay safe online, as part of a broad and balanced curriculum. Our focus at KAS is always on keeping children safe. This policy is written with careful regard to the KAS Safeguarding Policy.

During PSHE/RSE we are aware that these open forums where we discuss potentially sensitive issues can increase the likelihood of safeguarding reports or concerns being raised. During these lessons children are always made aware of how to raise their concerns and report anything of concern. This may be a class teacher, form tutor, peer, Head of Year, school nurse or member of the safeguarding team, all of whom know that they cannot promise confidentiality in this instance.

When teaching PSHE/RSE, all teachers are aware that children may raise topics such as divorce, self-harm and suicide and will consider this when planning their lessons. Where we invite specialist speakers to deliver lessons we explain our safeguarding protocols in relation to reporting an incident, who the DSL is, and understanding the limits of confidentiality.

8. ROLES AND RESPONSIBILITIES

Staff

The Assistant Head Pastoral of the Upper School and the Deputy Head of the Lower School have responsibility for the overview and yearly evaluation of this policy.

Heads of Year in the Upper School have responsibility for co-ordinating and planning the short-term RSE content for their year groups. All staff are responsible for ensuring this policy is implemented and acted on including:

- Delivering RSE in a sensitive way
- Modelling positive attitudes to RSE
- Monitoring progress
- Responding to the needs of individual pupils

- Responding appropriately to pupils whose parents wish them to be withdrawn from the non-statutory/non-science components of Sex Education

All staff are expected to teach RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with the relevant Head of Year (Upper School), Head of PSHE or the Headteacher.

The Headteacher

The Headteacher is responsible for ensuring that RSE is taught consistently across the school, and for managing requests to withdraw pupils from non-statutory/non-science components of Sex Education (see 'Parents' right to withdraw').

Council

The Head of Council will hold the Headteacher to account for the implementation of the policy.

Students

Students are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with mutual respect and sensitivity.

9. SPECIAL EDUCATIONAL NEEDS AND DISABILITIES

Our curriculum is inclusive and our RSE is accessible for all students. For those pupils with Special Educational Needs (SEN) or an Specific Learning Difference (SpLD), the school has a well-established learning support department. Further details can be found in the Special Educational Needs and Disability (SEND) Policy.

High quality teaching that is differentiated and personalised will be the starting point to ensure accessibility.

As set out in the SEND code of practice, when teaching these subjects to those with SEND, KAS is mindful of preparing students for adulthood.

KAS is aware that some pupils are more vulnerable to exploitation, bullying and other issues due to the nature of their SEND. RSE can also be particularly important for those with Social, Emotional and Mental Health needs or learning disabilities. Such factors will be taken into consideration in designing and teaching these subjects.

10. PARENTS RIGHT TO WITHDRAW

Lower School:

While relationships education is mandatory, parents have the right to withdraw their children from the non-statutory/non-science components of sex education within RSE.

Requests for withdrawal should be put in writing using the form found in Appendix 3 of this policy and addressed to the headteacher.

Alternative work will be given to pupils who are withdrawn from sex education.

Upper School:

Parents have the right to withdraw their children from the non-statutory/non-science components of sex education within RSE up to and until 3 terms before the child turns 16. After this point, if the child wishes to receive sex education rather than being withdrawn, the school will arrange this.

Requests for withdrawal should be put in writing using the form found in Appendix 3 of this policy and addressed to the headteacher.

A copy of withdrawal requests will be placed in the pupil's file. The Headteacher will discuss the request with parents and take appropriate action.

Alternative work will be given to students who are withdrawn from sex education.

11. TRAINING

Staff are trained on the delivery of RSE as part of their continuing professional development.

The Assistant Head Pastoral (Upper School) and the Deputy Head of Lower School will also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSE. The Headteacher will ensure appropriate CPD time is devoted to RSE training.

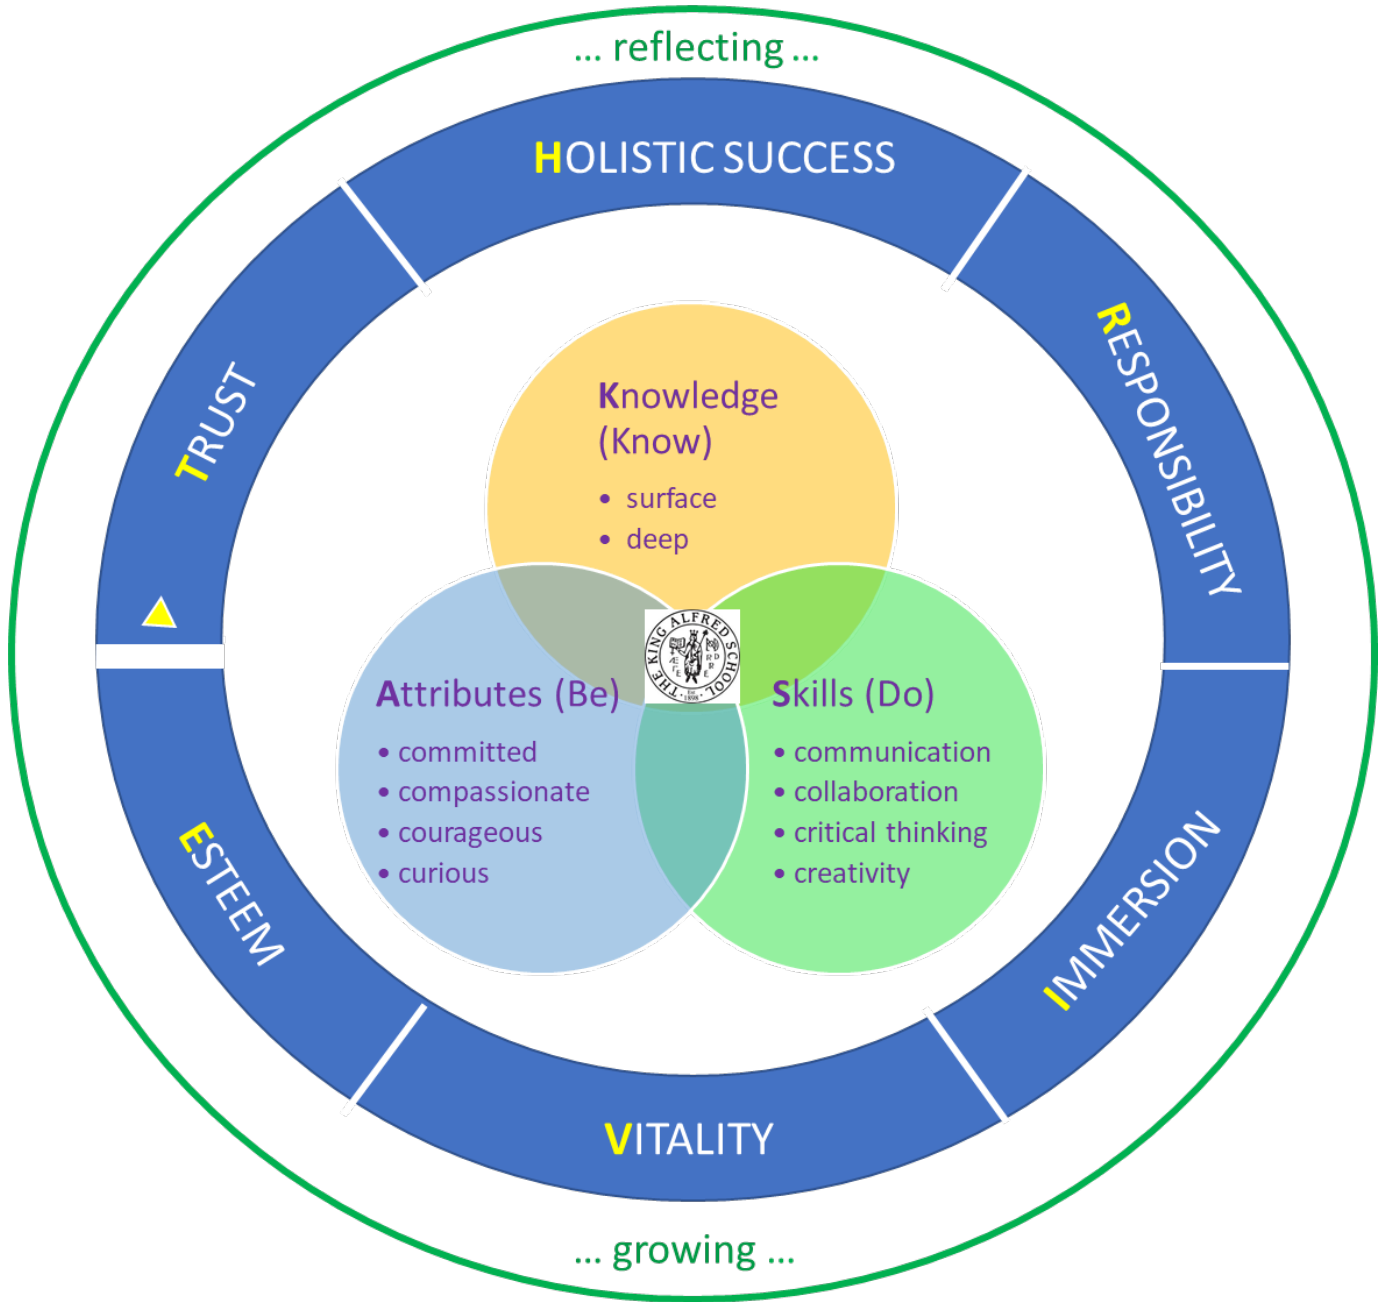

12. MONITORING ARRANGEMENTS

The delivery of RSE is monitored by middle and senior leaders through planning scrutinies (Lower School), lesson visits, children and staff surveys.

Pupils' development in RSE is monitored by teachers as part of our internal assessment systems. We do not provide written reports or grades for RSE.

As a statutory policy, any changes will be consulted upon and reviewed by the Education Committee and the Chair of Council.

APPENDIX 1 - THRIVE WHEEL

APPENDIX 2 – CURRICULUM OVERVIEW

Lower School

	Autumn: Relationships			Spring: Living in the wider world			Summer: Health and Wellbeing		
	Families & Friendships	Safe Relationships	Respecting Ourselves & Others	Belonging to a Community	Media Literacy and Digital Resilience	Money & Work	Physical health and Mental wellbeing	Growing and changing	Keeping safe
REC/YEAR1	Roles of different people; families; feeling cared for	Recognising privacy; staying safe; seeking permission	How behaviour affects others; being polite and respectful	What rules are; caring for others' needs; looking after the environment	Using the internet and digital devices; communicating online	Strengths and interests; jobs in the community	Keeping healthy; food and exercise, hygiene routines; sun safety	Recognising what makes them unique and special; feelings; managing when things go wrong	How rules and age restrictions help us; keeping safe online
YEAR2	Making friends; feeling lonely and getting help	Managing secrets; resisting pressure and getting help; recognising hurtful behaviour	Recognising things in common and differences; playing and working cooperatively; sharing opinions	Belonging to a group; roles and responsibilities; being the same and different in the community	The internet in everyday life; online content and information	What money is; needs and wants; looking after money	Why sleep is important; medicines and keeping healthy; keeping teeth healthy; managing feelings and asking for help	Growing older; naming body parts; moving class or year	Safety in different environments; risk and safety at home; emergencies
YEAR3	What makes a family; features of family life	Personal boundaries; safely responding to others; the impact of hurtful behaviour	Recognising respectful behaviour; the importance of self-respect; courtesy and being polite	The value of rules and laws; rights, freedoms and responsibilities	How the internet is used; assessing information online	Different jobs and skills; job stereotypes; setting personal goals	Health choices and habits; what affects feelings; expressing feelings	Personal strengths and achievements; managing and reframing setbacks	Risks and hazards; safety in the local environment and unfamiliar places
YEAR4	Positive friendships, including online	Responding to hurtful behaviour; managing confidentiality; recognising risks online	Respecting differences and similarities; discussing difference sensitively	What makes a community; shared responsibilities	How data is shared and used	Making decisions about money; using and keeping money safe	Maintaining a balanced lifestyle; oral hygiene and dental care	Physical and emotional changes in puberty; external genitalia & reproductive organs; personal hygiene routines; support with puberty	Medicines and household products; drugs common to everyday life

YEAR5	Managing friendships and peer influence	Physical contact and feeling safe	Responding respectfully to a wide range of people; recognising prejudice and discrimination	Protecting the environment; compassion towards others	How information online is targeted; different media types, their role and impact	Identifying job interests and aspirations; what influences career choices; workplace stereotypes	Healthy sleep habits; sun safety; medicines, vaccinations, immunisations and allergies	Personal identity; recognising individuality and different qualities; mental wellbeing	Keeping safe in different situations, including responding in emergencies, first aid and FGM
YEAR6	Attraction to others; romantic relationships; civil partnership and marriage	Recognising and managing pressure; consent in different situations	Expressing opinions and respecting other points of view, including discussing topical issues	Valuing diversity; challenging discrimination and stereotypes	Evaluating media sources; sharing things online	Influences and attitudes to money; money and financial risks	What affects mental health and ways to take care of it; managing change, loss and bereavement; managing time online	Human reproduction and birth; increasing independence; managing transition	Keeping personal information safe; regulations and choices; drug use and the law; drug use and the media

Upper School Overview

The Upper School's overarching aims of relationships and sex education (RSE) include and build on the Lower School and aim to develop the following:

Develop appropriate attitudes and values by:

- Learning the importance of values, individual conscience and moral considerations
- Learning the value of family life, marriage, civil partnerships and stable and loving relationships for the nurture of children, understanding that there are different types of families that can provide a loving environment
- Learning the value of mutual respect, love and consideration for the perspectives of others in relationships
- Exploring, considering and understanding moral dilemmas
- Developing critical thinking as part of decision-making

Develop the appropriate personal and social skills by:

- Learning to manage emotions and relationships confidently and sensitively
- Being able to communicate about sexual matters with confidence and dignity
- Practising self-respect, empathy and consideration for others
- Learning to make choices based on an understanding of difference and with an absence of prejudice e.g. sexism and homophobia
- Understanding how gender issues can have an impact on mental health, careers and society in general
- Developing a sense of responsibility for one's own actions and an appreciation of the consequences of choices made
- Managing conflict
- Learning how to recognise and avoid exploitation and abuse

Develop the appropriate knowledge and understanding by:

- Knowing relevant laws (i.e. FGM, sexual harassment, sexual assault, rape, age limits for sexual consent, etc.)
- Understanding an individual's rights and how to protect themselves, be an active bystander and know how to get help
- Learning about physical and mental development at appropriate stages including the effects of puberty and understanding how this may affect decisions and their consequences
- Learning about reproduction, sexuality, sexual orientation, sexual health and emotions
- Learning about contraception and the range of local and national sexual health advice, contraception and support services
- Learning about reasons for delaying sexual activity, and potential benefits gained from such delay

Upper School RSE General Outline of Core RSE lessons in line with Brook'

*N.B. The placement of the lessons in the school year is at the discretion of the Head of Year.

Introduction to Lessons – Year 7

Forming Positive Relationships: In this lesson, students explore the nature of friendships and identify some of the challenges that can arise in social relationships as well as thinking about how to provide effective peer support.

Diversity, discrimination, tolerance & kindness: This lesson explores the importance of accepting diversity and being kind, whilst challenging stereotyping and discrimination. Sexual Identity and Gender Stereotypes are also discussed.

Puberty: This lesson explores the physical and emotional changes that can take place during puberty

FGM: This lesson has been written to raise awareness of the practice of Female Genital Mutilation (FGM) and to inform young people of the facts and issues, and how and where to get help if they need to.

Bullying and Cyberbullying: The lesson covers the importance of being respectful in our online interactions, the impact of bullying and what to do if you or someone you know is experiencing bullying

Attitudes to Mental Health: This first lesson builds on the mental health and emotional wellbeing work completed in key stage 2. The lesson addresses misconceptions about, and examines attitudes towards, mental health.

Associated topics to be considered: Pornography

Introduction to Lessons – Year 8

Healthy Behaviours and Relationships: This sequence of lessons helps young people to recognise healthy and unhealthy behaviours in relationships, including friendships and marriage, and to think about when and where to get themselves or others support.

Sexual Identity & Gender Stereotypes: These lessons explore the meaning of stereotyping particularly in relation to gender and sexual identity, and examines the meaning of gender, sex, and sexual orientation and how they all differ.

Online Body Image: This lesson covers how social media can impact body image, including some strategies to support positive wellbeing online.

Different Types of Relationships: This lesson explores different types of relationships and families. It looks at the positive attributes of healthy relationships whereby helping young people to recognise behaviours that are unacceptable within relationships and family such as forced marriage and domestic abuse.

Contraception: This lesson explores contraceptive methods, and responsibilities in relation to contraception, the correct use of a condom and confidential advice and support available.

Sexually Transmitted Infections: This lesson looks at the most common sexually transmitted infections (STIs), how they are transmitted, how to prevent transmission and how to identify and test for common STIs.

Youth Produced Sexual Imagery: This lesson explains what 'sexting' is and the laws surrounding it.

Introduction to Lessons – Year 9 (taught on a carousel-these are lessons within a 6 session RSE topic)

Consent: This lesson explores meaningful consent and our rights and responsibilities, including the law, when applying consent in everyday situations including relationships.

Sex And The Law: This lesson compliments knowledge from learning about consent, with a particular focus of sex and the law and how to keep safe and how to identify sexual harrassment.

Child Sexual Exploitation CSE: This lesson explores the meaning of child sexual exploitation, including grooming, and advises young people about how to keep themselves and others safe from harm.

Pornography And The Media: This lesson (usually a visiting organisation) explores the need for young people to think critically when they view sexualised images and messages, and to recognise the importance of accessing reliable and accurate sources of information when it comes to sexuality and relationships. A speaker is usually invited in to meet the year group and discuss this topic.

Introduction to Lessons – Year 10 & 11

Sex Pressures and Risk Taking Behaviour: This lesson builds on previous learning around consent, consent in relation to freedom, capacity and choice, risk taking behaviours and the pressures young people may face around having sex.

Relationships And Equality: This lesson builds on knowledge about healthy relationships and equality and explores the importance of celebrating diversity and understanding our values.

Pregnancy Choices: This lesson explores the three main choices someone has when they are pregnant; it also looks at factors that affect decision making in pregnancy and where to go for advice and support.

Roles And Responsibilities Of Parents: This lesson explores the roles and responsibilities of parenthood, the values and attitudes around parenthood and outlines the range of ways that people can become parents.

Online Presence: This lesson explores responsibilities online and focusses on how we maintain a reputable presence in the online world.

Identifying Harmful Sexual Behaviours: This lesson explores abuse within relationships, effects of abuse and ways to get help and support.

Online Harmful Behaviours: This lesson explores online opportunities and risks – and ways to safely manage harmful online behaviours.

Honour Based Violence And Forced Marriage: This lesson explores how marriage is a choice, arranged marriage and forced marriage, the unacceptability of violence in any relationship and where to go for help and support.

Dangerous Friendships: This lesson explores harmful behaviours and peer pressure in relation to dangerous friendships and relationships. It also explores how to deal with

pressures and safety mechanisms that can help young people to deal with a range of situations.

Introduction to Lessons – Years 12 & 13

Media And Online Body Image: This lesson explores the pressures we can experience online and how they can impact self-esteem and body image, while suggesting strategies to improve wellbeing for ourselves and others.

Movember: This lesson looks at some general facts and figures around male health, and introduces testicular cancer as the most commonly diagnosed cancer affecting boys and men aged 15-40. It encourages students to challenge preconceptions about male health, and gives guidance for boys on self-examination.

Cervical Screening And HPV: This lesson explores HPV, the importance of cervical cancer screening and supports young peoples' confidence to access services and information related to their health.

Relationship Values And Intimacy: *This lesson explores relationships values, the qualities of healthy, intimate relationships and how intimate relationships should be pleasurable.*

Sexual Health And Accessing Services: This lesson explores the topic of sexual health, rights and responsibilities including accessing services for support and having reliable information to make informed choices.

Gangs And Personal Safety: This lesson explores motivations for joining gangs, the risks and consequences of joining gangs and safety in relation to gangs.

Exploring Extremism: This lesson supports students to examine what extremism is, what factors could influence someone into supporting extremist ideologies and strategies to prevent and challenge extremism in their community.

Managing Online Life: This lesson explores the positives and negatives of forming relationships online, including our rights and responsibilities to interact respectfully and how to navigate the online world safely.

Consent 2: This lesson builds on previous learning about developing healthy relationships, and knowing about rights and responsibilities when it comes to consent, sex and the law.

Abuse In a Relationship: This lesson looks to deepen understanding of relationship abuse, how to identify it and how to access support.

Adult Dangers And Risks: This lesson brings together learning around risky situations and how to manage them. It applies this learning to new risks encountered at this stage in young people's lives and as they move on after school.

U/S Science Curriculum-related coverage:

Human reproduction:

10. Be able to sketch and label male and female sex organs.
11. Describe sperm and egg in terms of shape, function, production by testes and ovaries and number.
12. Be able to explain what happens from arousal to fertilisation and conception of a fertilised egg/zygote.
13. Be able to outline the menstrual cycle
14. Explain in vitro fertilisation as a technique. Very simple outlines.
15. Be able to discuss some moral, financial and ethical aspects of fertility treatments.
16. Know some of the changes undergone by the foetus during pregnancy and birth.

Test 7A cells, 7B reproduction Exploring science. Wikd test on fertility.

H.W. Students write "feature" on subject from module. Eg IVF, STIs, Abortion, Mating habits, Pheromones etc.

**APPENDIX 3 - PARENT FORM: WITHDRAWAL FROM SEX EDUCATION
WITHIN RSE**

TO BE COMPLETED BY PARENTS	
Name of child	
Name of Parent	
Class	
Date	
Reason for withdrawing from sex education within relationships and sex education	
Any other information you would like the school to consider	
Parent signature	
TO BE COMPLETED BY THE SCHOOL	
Agreed actions from discussion with parents
